## **EFF-ERAYZA**<sup>™</sup>

EFFLORESCENCE REMOVER

Powerful efflorescence, rust stain & mortar mess remover - but no fumes and it won't burn you

EFF-ERAZYZA<sup>™</sup> is the replacement for traditional muriatic and phosphoric acids

### NEW TECHNOLOGY POWERFUL, SAFER ACID CLEANER

#### **NON-FUMING**

Eff-Erayza<sup>™</sup> doesn't release toxic, dangerous fumes and temporary skin exposure does not cause burns.

#### **POWERFUL CLEANER**

Eff-Erayza<sup>™</sup> is just as powerful as muriatic acid for removing efflorescence, rust stains, grout haze and mortar mess. Plus, the longer dwell time means it cleans more deeply and efficiently.

# BEFORE AFTER

Removes efflorescence

Removes grout haze

Removes rust marks

#### **EASIER TO USE**

Eff-Erayza<sup>™</sup> reacts slower and is much easier to control.

#### **SUPER CONCENTRATE**

1 quart of Eff-Erayza makes approximately 4 gallons of powerful efflorescence remover.
