# WATERBORNE DENSE STONE SEALER

PREVIOUSLY KNOWN AS METACRÉME™

Next generation breathable impregnating sealer. The ultimate protection for dense natural stone countertops, floors and wet areas, with the added benefit of protecting grout in a water-based emulsion. Super oil and water repellency for superior stain protection.

## BENEFITS

- Non-drip water-based cream: easy, single coat application.
- Next generation formula under 100g/L VOC (excluding water).
- Advanced protection against efflorescence, salt spalling, freeze-thaw spalling, and picture framing.
- Super oil and water repellency for permanent stain protection.
- Retains natural surface color and finish.
- For interior and exterior use.

\*A fifteen year performance warranty is offered when product is applied by an accredited applicator and surface is maintained regularly, as outlined in our warranty document. Visit our website at [www.stain-proof.com](http://www.stain-proof.com) to find your nearest accredited applicator.

PERFORMANCE SEALER

## STAIN-PROOF'S IMPREGNATING SEALERS AND CLEANERS

### THE TECHNOLOGY THAT SETS US APART

Stain-Proof® sealers are formulated using a unique sealing technology – our sealer molecules are approximately 400+times smaller than other impregnators and penetrate much further into the pores to form a deeper water and oil repellent barrier, providing optimum protection to surfaces such as natural stone, bricks, pavers, tiles, engineering concrete and grout. **Stain-Proof also offers daily and heavy-duty cleaners specifically formulated to tackle a variety of needs. To choose the perfect care and maintenance solution for your project, visit [stain-proof.com](http://stain-proof.com).**
