THE WORLD’S LEADING SEALERS FOR THE PROTECTION OF POROUS MATERIALS, INCLUDING NATURAL STONE, TILE, PAVING, CONCRETE AND GROUT.
**PREMIUM IMPREGNATING SEALER**  
PREVIOUSLY KNOWN AS STAIN-PROOF ORIGINAL™
Permanent-bonding impregnating sealer designed for use as premium stain protection. Helps protect against efflorescence, picture framing, freeze-thaw damage and salt damage. Treated surfaces are easier to clean and retain breathability, existing color and finish. For indoor, outdoor, residential and commercial use.
- Premium Permanent Stain Protection
- Superior Oil And Water Repellence
- Retains Natural Surface And Color
- Stands Up To Commercial Cleaning Methods

**PREMIUM WATERBORNE IMPREGNATING SEALER**  
PREVIOUSLY KNOWN AS STAIN-PROOF WATERBORNE™
Premium water and oil stain protection in a waterborne formulation. Provides protection against efflorescence, freeze-thaw and salt damage. Retains breathability, existing color and finish. Use on porous hard surfaces including natural stone, tile, pavers, masonry, concrete and grout. For indoor, outdoor, residential and commercial use, on floors and walls.
- Premium Oil & Water Protection
- Retains Natural Finish and Color

**DENSE STONE IMPREGNATING SEALER**  
PREVIOUSLY KNOWN AS STAIN-PROOF PLUS™
Permanent-bonding impregnating sealer designed for premium stain protection from oil and water. Protects against efflorescence, picture framing, freeze-thaw and salt damage. Treated surfaces are easier to clean and retain breathability, existing color and finish. For indoor, outdoor, residential and commercial use.
- Premium Permanent Stain Protection
- Superior Oil And Water Repellence
- Retains Natural Surface And Color
- For Use On Dense Natural Stones, Countertops, Mosaics And Showers

**WATERBORNE DENSE STONE SEALER**  
PREVIOUSLY KNOWN AS META CREME™
A premium waterborne sealer that protects against staining from oils and other contaminants, providing long-lasting water repellency. Treated surfaces retain breathability, existing color and finish - surfaces are also easier to clean.
- Permanent Stain Protection
- Easy Single Coat Application
- Retains Natural Surface And Color
- Non-drip, Waterborne Cream

**PORCELAIN & QUARTZ SEALER**  
PREVIOUSLY KNOWN AS PORCELAIN PLUS™
Creates a unique molecular bond with micro pores of porcelain and quartz surfaces to provide permanent, long lasting protection. Repels oil and water based stains. Holds up to commercial cleaners and processes. For indoor, outdoor, residential and commercial use.
- Seals Micro Pores Of Porcelain And Man Made Quartz Surfaces
- Creates A Unique Molecular Bond
- Long Lasting Protection
- Repels Oil And Water Based Stains
- Non-film Forming And Invisible

**WATERBASED PENETRATING SEALER**  
PREVIOUSLY KNOWN AS STAIN REPELLA™
Penetrating, invisible and breathable water-based sealer that will protect natural stone, tiles, pavers, concrete, grout, floors, driveways, paths, swimming pool surrounds, patios, garages, eating and entertaining areas. Waterbased Penetrating Sealer resists spills from most foods and reduces on-going maintenance.
- Smaller Sized Fluorocarbons Than Leading Brands
- Treated Surfaces Are Easier To Maintain
- Easy Single Coat Application
- Penetrating, Invisible And Breathable
**COLOR ENHANCING SEALER**  
**PREVIOUSLY KNOWN AS INTENSIFIA™**

The ultimate combination of enhancer and sealer. Provides deep enrichment and premium water and oil-based stain protection.

- Intense Color Enrichment
- Superior Oil And Water Repellency For Superior Stain Protection
- Does Not Change Slip Rate Cof
- Suitable For Indoor/Outdoor, Residential And Commercial Use On Porous Surfaces, Including Natural Stone, Pavers, And Terracotta

---

**SPECIALTY SEALER**

**40SK CONSOLIDATOR & WATER REPELLENT**  
**PREVIOUSLY KNOWN AS 405K™**

Provides premium protection against ingress of water and dissolved salts, efflorescence, freeze thaw, salt spalling and alkali silica reactions. Strengthens materials such as sandstone, limestone, travertine and concrete. Suitable for old and new building facades, pavers, blockwork, flooring, and cladding. 40SK Sealer retains the breathability, existing color and finish.

- Helps Reduce Water And Waterborne Salts, Efflorescence, Salt Spalling, Freeze-thaw & Picture Framing
- Consolidator For Softer Material, Such As Sandstone, Limestone, Travertine, Concrete & Precast Around Salt Water Pools
- Protects Against Water Ingress
- Retains Natural Color & Finish

---

**STAIN-PROOF SEALING TECHNOLOGY**

**STAINING AND OTHER COMMON PROBLEMS**

Staining is the most common damage to porous surfaces such as stone, tile and pavers.

But many other more serious problems can also occur if water is allowed to move freely through the material, carrying minerals and dirt which can discolor, corrode and even break up the surface over time.

1. Oil and water-based stains.
2. Picture framing – water moves through grout, picks up gray color and stains edges.
4. Spalling – water with dissolved salts evaporates just below surface leaving salt crystals which break off small pieces of tile/paver.
5. Salt packets inside natural stone are dissolved, leaving air pockets and weakened spots

---

**STAIN-PROOF – THE DEEPEST PROTECTIVE BARRIER**

STAIN-PROOF impregnating sealers are technologically different from commonly available silicone, Teflon, fluoropolymer and siloxane impregnators. STAIN-PROOF molecules penetrate deeper into porous materials and bond permanently inside the pores, without blocking them. This creates a permanent water and oil-repelling barrier deep enough to provide stain protection PLUS keeps damaging water and water borne salts well away from the surfaces.

STAIN-PROOF impregnating sealers stand up to cleaning chemicals, traffic, sunlight, and even commercial cleaning techniques such as high pressure hosing. We back our technology with written performance warranties of up to 25 years, when the sealers are applied by accredited applicators.

*Visit www.stain-proof.com for warranty details.*
**DAILY COUNTERTOP CLEANER**  
**PREVIOUSLY KNOWN AS REJUVENATA™ SPRAY**  
A gentle daily cleaner for natural and engineered stone countertops. It contains an invisible sealer to enhance protection and make surfaces easier to clean. Use it daily to keep natural and engineered stone countertops looking their best.

- Powerful, Natural Active Enzyme Cleaner
- For All Natural Stones, Tile, Grout, Brick And Engineered Surfaces

**DAILY FLOOR CLEANER**  
**PREVIOUSLY KNOWN AS REJUVENATA™ ACTIVE**  
Indoor and outdoor cleaner for natural stone, tile, grout and other hard surfaces. With three types of natural enzymes, it cleans general grime and stains from oil, mold*, food & beverages.

- Indoor/Outdoor Cleaner For Natural Stone, Tile, Grout And Other Hard Surfaces
- Natural Enzymes Clean Stains From Oil, Mold*, Food And Beverages
- For Light To Heavy Cleaning & Stain Removal

**SMC PEROXIDE CLEANER & ADDITIVE**  
**PREVIOUSLY KNOWN AS S-TECH STONE & MASONRY CLEANER™ AND SMC BOOST**  
Penetrating, foaming dirt lifting action. Ideal for hard to clean natural stone, tile, pavers, grout and tile. 7.5 pH - will not harm most stone and masonry. Convenient and ready to use.

- For Organic Stains
- Penetrating, Foaming And Lifting Action
- Ideal For Historic Preservation
- For Interior And Exterior Use
- Hydrogen Peroxide Based
- For extra cleaning power, add SMC Peroxide Cleaner Additive!

**ACIDIC CLEANER**  
**PREVIOUSLY KNOWN AS EFF-ERAYZA™**  
Removes efflorescence, grout haze, rust marks, limescale, soap scum, fireplace soot and mortar residue. For non-acid sensitive: stones, pavers, tiles, bricks & masonry. Safer to use than Muriatic Acid - non-fuming formula.

- The Power Of Muriatic Acid Without The Fumes
- Highly Effective For Removing Efflorescence, Grout Haze, Rust Marks, Soap Scum, Limescale And Excess Mortar
- Chemically Etches Acid Sensitive Surfaces For Added Traction

**ALKALINE CLEANER**  
**PREVIOUSLY KNOWN AS OXY-KLENZA™**  
A powerful triple action, oxygen, alkaline and detergent boosted heavy duty cleaner for removal of general grime and stains caused by oil / grease, mold, leaf marks, food and beverages. Suitable for all natural stone, tile, masonry, concrete, brick, grout, vinyl, and raw / unfinished wood.

- Up To 500 Sq. Ft. Of Peroxide Cleaning Power
- Can Be Used As Poulite For Stubborn Stains
- For Indoor or Outdoor Surfaces Including Floors, Walls, Patios, Facades, Decks, Garages, Driveways, Brick, Natural Stone, Concrete, Grout & Masonry

*For the cleaning and removal of mold stains, dirt and inanimate particulate. No claim is made by these products to prevent, destroy, repel or mitigate any living organism.
