PREMIUM WATERBORNE IMPREGNATING SEALER

PREVIOUSLY KNOWN AS STAIN-PROOF WATERBORNE™

Premium water and oil stain protection in a waterborne formulation. Provides protection against efflorescence, freeze-thaw and salt damage. Retains breathability, existing color and finish. Use on porous hard surfaces including natural stone, tile, pavers, masonry, concrete and grout. For indoor, outdoor, residential and commercial use, on floors and walls.

- Premium Oil & Water Protection in a unique hybrid waterborne formulation
- Retains Natural Finish and Color

WATERBASED PENETRATING SEALER

PREVIOUSLY KNOWN AS STAIN REPELLA™

Water-based penetrating sealer with best in class modified fluoropolymer sealing technologies. Protection for indoor and outdoor surfaces, including natural stone and concrete. Excellent sealer for kitchen & bath, showers, floors and exterior surfaces. Resists spills from water and oil-based liquids and reduces ongoing maintenance.

- Easy Application
- Excellent also as pre sealer for very porous materials
- More active ingredients than leading brands

ADVANTAGES OF WATER-BASED SEALERS

Water-based sealers consist of newer sealer technologies over traditional sealers that provide many advantages, including:

**EASIER
AND FASTER
TO USE**

**LESS ODORS
AND LOWER
VOC***

**NONFLAMMABLE
FORMULA**

**MORE COST
EFFECTIVE
TO STORE AND
TRANSPORT**

**NO
PFOAs**

**LOWER
COST PER
SQUARE FOOT**

*Compared to solvent-based sealers

USAGE GUIDE

Stain-Proof® sealers are formulated using a unique sealing technology – our sealer molecules are approximately 400+times smaller than other impregnators and penetrate much further into the pores to form a deeper water and oil repellent barrier, providing optimum protection to surfaces such as natural stone, bricks, pavers, tiles, engineering concrete and grout.
