

# CASE STUDY

Houston, TX, USA

by DRYTREAT

## THE PROJECT

This marble in this kitchen needed a complete professional cleaning and re-polishing. For a final color boost, Bizaillion Floors chose our Color Enhancing Sealer. The sealer brought out the richness of the veining in the marble without yellowing the white and added incredible depth to the black granite countertops.

## SPECIAL REQUIREMENTS

- Protect against stains and repel water.
- Enhance the color.
- Ensure longer-lasting results.

## THE STAIN-PROOF® SOLUTION

To enhance the appearance of the marble countertop, the client opted for Stain-Proof® Color Enhancing Sealer.

This innovative product combines enhancer and impregnating sealer qualities, delivering deep color enrichment alongside exceptional water and oil repellence as well as preventing discoloration. Clients can enjoy peace of mind with a **5-Year Performance Warranty** when applied by an accredited applicator and surface is maintained reasonably, as outlined in our warranty document.
